Lounters in a Cup

You need

8-12 counters

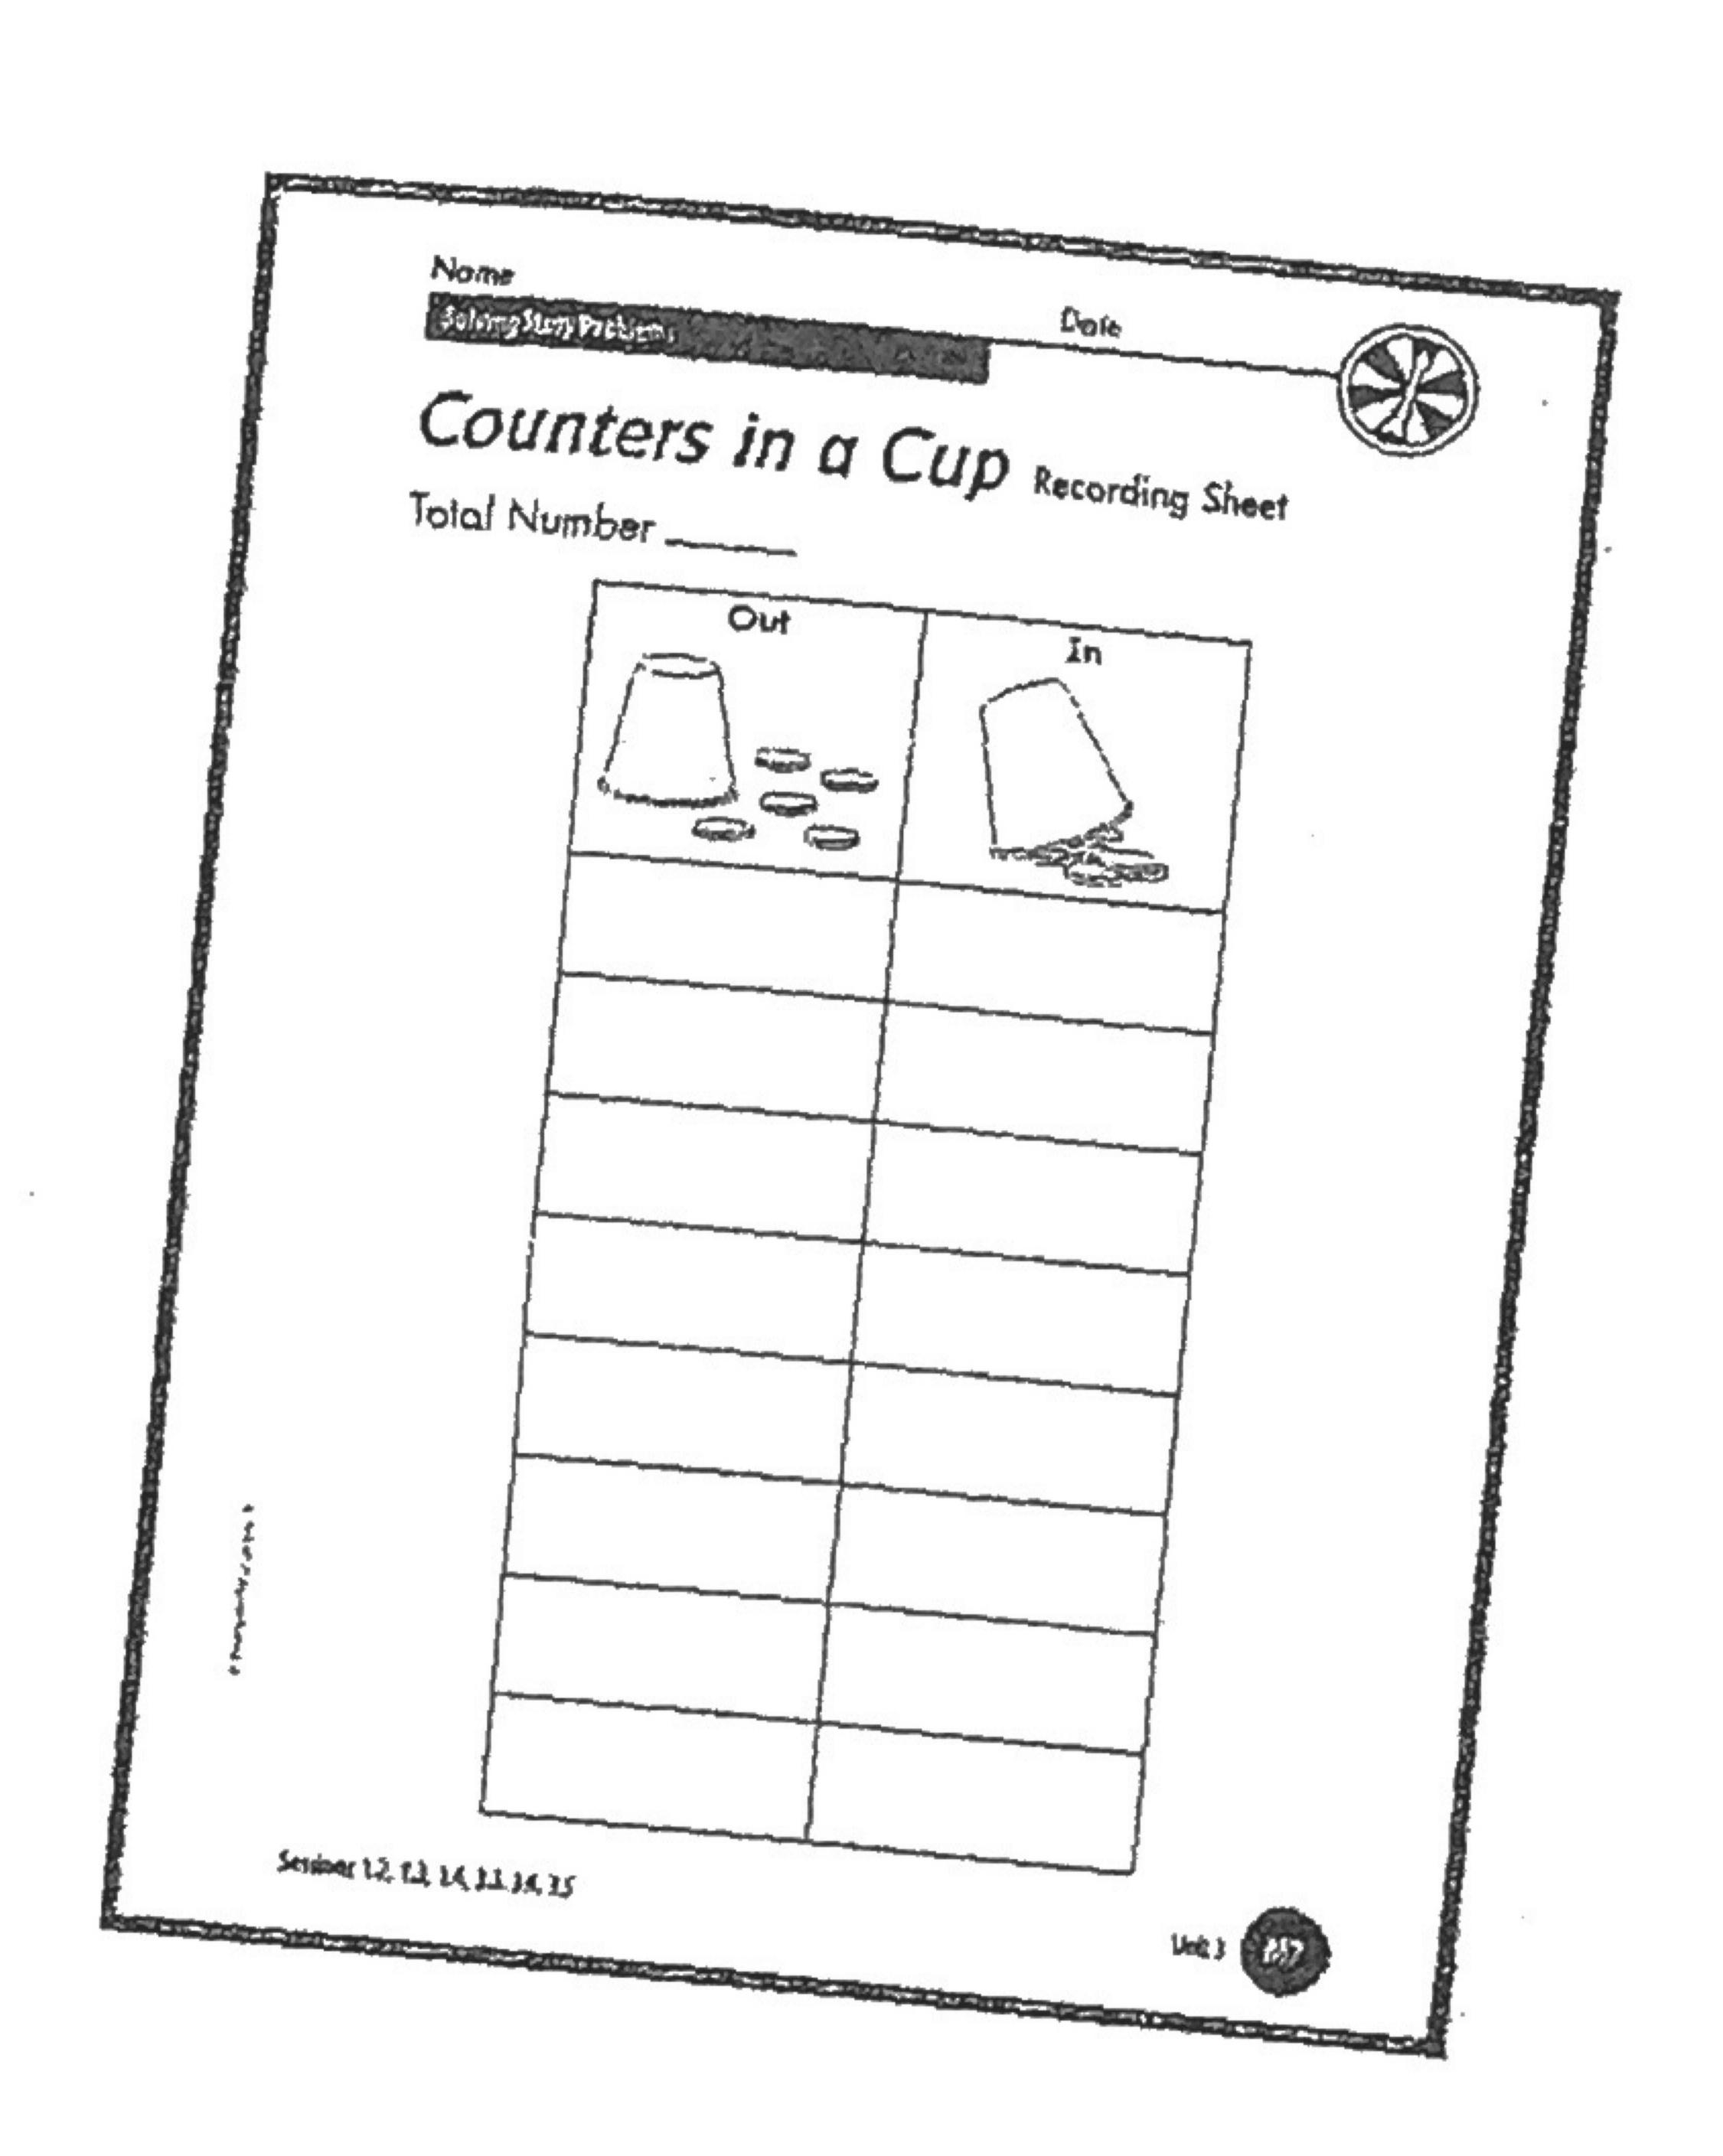

recording sheet

- Decide how many counters to play with. Both players write this number on their recording sheets.
- Count out that many counters.
- Player 1 hides some of the counters under a cup.
- Player 2 tells how many are hidden.
- Player 1 removes the cup.
- Both players count the counters that were under the cup and record that number.
- Keep playing with the same set of counters.

 Take turns being Player 1 and Player 2.
- The game is over when the grid is full.

Challenge version of Counters in a Cup game

- Use larger numbers to play. The game calls for 8-12. You could use 15-20 more.
- Have the player who determines the missing addend explain how he/she knows.
